Program Description

The Heavy Equipment Operator program exists to pipeline qualified, well-trained equipment operators into the heavy equipment industry. This 9-week (344 hour) training program consists of a combination of classroom, simulation, and hands-on skills training. Students will train on a variety of equipment, including but not limited to dozers, excavators, backhoes, and skid steers. Upon successful completion of this program, students will acquire the following industry-based credentials:

- NCCER Core
- NCCER Heavy Equipment Level I
- Additional NCCER Level 2 Modules

Program Cost

\$6,000
